COMBONI MISSION CENTER

WELCOME

Here we are again together as brothers. It is a real pleasure to welcome you to our second annual reunion and fellowship.

As I have expressed in the past, I hope that this get-together will encourage each of us to stay in touch with one another throughout the year. God bless you all and thanks for your continued support.

How does the first Saturday in June work for you as a standing future date for our reunion get-togethers? Let me know your feelings.
